

ADMIRAL EVANS AT TOLEDO

FAMOUS NAVAL OFFICER GIVEN AN ENTHUSIASTIC WELCOME.

Delivered a Lecture on the Trip by Atlantic Fleet from Hampton Roads to Frisco.

Toledo, Jan. 29.—Rear Admiral Robley D. Evans was the guest of Toledo last night and thousands turned out to give the famous sea fighter a welcome. Admiral Evans came to Toledo to lecture at the Valentine theatre on the trip by the Atlantic fleet from Hampton Roads to San Francisco.

The lecture was under the auspices of the Toledo naval reserves. Admiral and Mrs. Evans arrived in Toledo from Canton, O., at 6:50 p. m. They were met at the Union station by a squad of mounted policemen and escorted to the Hotel Seiler, where, later, Mayor Whitlock called, as chief executive of the city, to pay his respects and extend a welcome.

Physical disability compelled Admiral Evans to decline a proposed reception at the Toledo club, but at the conclusion of the lecture he received hundreds on the stage of the Valentine theatre. In the hotel corridors, in the streets, everywhere the admiral appeared, leaning heavily on his crutches, he was applauded.

Hazzlett Is Rearrested.

Columbus, O., Jan. 29.—Jesse Hazzlett, who was arrested the day following the murder of James Wolfe, a night watchman, in the factory of the Capitol Lock Nut and Washer Co. here, was rearrested yesterday and the police are also looking for a 16-year-old girl, who is said to be his sweetheart. A man told a police officer that for five dollars he would give him a clue to the murderer and then suggested that the police find Hazzlett's sweetheart and question her. Wolfe was robbed of his watch and \$27 and the police say Hazzlett has had considerable money lately.

Sullivan Opposes Changes.

Columbus, O., Jan. 29.—Col. J. J. Sullivan, millionaire Cleveland banker, and Democratic trustee of the Sandusky soldiers' home, called upon Gov. Harmon yesterday to ask that no changes be made in the management of that institution. It is regarded as certain that Harmon will appoint a Democrat to succeed the outgoing Republican member of the board, and Col. Sullivan desires that the present management, though Republican, be retained. He was supported in his request by Capt. Cummins of Mansfield, also a trustee.

Declared a Final Dividend.

Cincinnati, Jan. 29.—Depositors in the Fidelity National bank, the E. L. Harper institution which failed in 1887 following a futile effort of Harper to "corner" the wheat market, have received a final dividend of one-half of 1 per cent. This payment will make a total of \$9.94 per cent recovered by the depositors. The Fidelity National had a capital of \$1,000,000 and a large surplus and the deposits aggregated about \$4,000,000.

Fatal Fight Between Boys.

Cincinnati, Jan. 29.—Race feeling, it is said, inspired a fight between white boys and a colored youth in front of the East night school, in Woodward street, Wednesday night, which culminated in the death of William Wiebold, aged 17 years; the probable fatal injury of William Dorsey, aged 20, and the serious injury of Charles Ruff, 18. The alleged murderer, Atlas Telford, aged 20 years, a colored high school student, employed as houseman for Judge Thompson of the federal court, has been arrested.

Harris to succeed himself as member of the Ohio railroad commission is void because made in advance of the beginning of the term of the office, Gov. Harmon this week will appoint and commission John Sullivan of Hamilton for the place, and Sullivan will report for duty at the office of the commission next Monday, when the present term of Mr. Morris will expire.

BALKAN AFFAIRS

DANGER OF WAR BETWEEN TURKEY AND BULGARIA AGAIN LOOMS UP.

A DISPUTE OVER INDEMNITY

Bulgaria Is Said to Be Willing to Pay \$20,000,000 to the Porte, but the Sultan Demands a Larger Sum.

London, Jan. 29.—The Balkan situation is again causing some anxiety at the European capitals. Bulgaria's action in calling out her reserves is apparently explained by Turkey's attempts to secure a rectification of the existing frontier as a condition for receiving her monetary demands from Bulgaria. Noting the danger of trouble between Turkey and Bulgaria, the powers are again resorting to negotiations to bring about joint pressure in favor of a peaceful settlement.

It is reported that Sir Edward Grey, the British foreign secretary, has sounded the powers on this subject and a St. Petersburg dispatch announces semi-officially that Russia has already addressed a note to all the signatories of the Berlin treaty. In this circular Russia proposes to make common representations to both Sofia and Constantinople against any change being made in the frontier line which would endanger European peace, and urging both governments to refrain from a military movement. According to a Sofia dispatch, Great Britain has advised Turkey to accept an indemnity of \$20,000,000 and Bulgaria is inclined to pay this sum provided Turkey abandons her claim for rectification of the frontier. Negotiations between Austria-Hungary and Turkey are still dragging, owing to the fact that the Turkish government has not yet succeeded in putting an end to the Austrian boycott.

USED THE MAILS TO DEFRAUD

Charge Brought Against a Man Arrested by a Postoffice Inspector.

Pittsburg, Jan. 29.—A man said to have gone under the name of M. Cronson, J. Ralston and other aliases was arrested yesterday at Morgan town, W. Va., and brought here by Postoffice Inspector Claude Dobbins for a hearing on the charge of using the mails to defraud. He is alleged to have made false representations to many wholesale and jobbing houses in various cities as to his financial standing and to have obtained from them silks and other merchandise which he sold in various West Virginia and Pennsylvania towns. He is said to have assumed a new name at each town he operated in and it is believed the aggregate value of the goods alleged to have been fraudulently obtained will exceed \$100,000.

A New York silk firm is said to have discovered the duplicity when they received two letters, with different signatures, but in the same handwriting.

Cannet Solicit Funds on the Street.

Boston, Jan. 29.—The Salvation Army lassies and Volunteers of America "Santa Claus" who for years have made the streets of the city bright by their costumes and red boxes during the holiday season, cannot hereafter solicit funds on the street for Thanksgiving and Christmas dinners for the poor, according to Police Commissioner O'Meara, who issued his annual report yesterday. The custom has grown to such an extent that annually more than 50 organizations seek the privilege of soliciting aid and the commissioner declares that as the law forbids such a practice, the regulation will be enforced.

Inhaled Coal Gas Fumes and Died.

Philadelphia, Jan. 29.—Attracted to a dwelling in the southern section of the city by the whining of a dog, a policeman yesterday found John Casper, a watchman, dead and Charles Libowitz, a friend, dying from inhaling coal gas fumes. The dwelling was being renovated and Casper was employed by a contractor. Libowitz called upon Casper Wednesday night and because of the cold weather they built a fire in one of the rooms. It is believed the men fell asleep and were overcome by the fumes from the stove.

Pittsburg, Jan. 29.—The taking of testimony in the Pittsburg hearing of the government's suit to dissolve the alleged \$500,000,000 Harriman railway merger was concluded yesterday. The next hearing will be held in Cincinnati on February 9. The testimony of the witnesses examined seemed to bear out the government's contention that competition between the Southern Pacific railroad and the Union Pacific is not as keen now as it was prior to 1901.

Taft Denies Rainey's Charges.

Washington, Jan. 29.—Charles P. Taft has entered a vigorous denial in connection with the charges of Representative Rainey of Illinois that he was in any way identified with the Panama canal purchase.

The Greek, however, wrestled himself loose and attacked Clerk John Caulfield, whom he bit on the ear. He was then locked up.

Old Sores are Reopened.

Valparaiso, Chile, Jan. 29.—The rupture of diplomatic relations between Chile and Peru, signalled by the withdrawal of Senor Echenique, the Chilean minister at Lima, has aroused excitement here and the old animosity between the two countries dating back to the war of 1879 and the consequent occupation of the Peruvian provinces of Tacna and Arica by Chile have been revived. It is declared here that the Chilean squadron now in the Straits of Magellan has been ordered north.

Kieran Explains.

New York, Jan. 29.—Patrick J. Kieran told yesterday how he lost the money of the Fidelity Funding Co., which failed for \$5,000,000. He said he is not now worth a cent. He declared the failure was due to the backing of a plan in which J. P. Magellan, Cuyahoga county (Ohio) treasurer, and Father McMahon of Cleveland, were interested with him for the taking over of the Windsor Trust Co. in New York. Kieran appeared before United States Commissioner Alexander for examination.

The Clue

By James Francis Dwyer

(Copyright, by Shortstory Pub. Co.)

It was midnight. In Fifth avenue there were few pedestrians, and so a fat man in evening dress, hurrying northward, attracted attention. Six night birds, who thought his actions mysterious, followed a few paces in the rear. Occasionally they questioned each other as they trotted briskly along, but the questions were put in the hopeless tone that the questioner uses when he knows the person questioned cannot supply the information he requires.

The fat man didn't speak. He

Taste Is Sure
Stomach Guide

A Barometer Which Moves Falls, Though Seldom Believed.

"Taste is the direct guide to the stomach; and the taste buds are connected by the nerves with the stomach, itself, so that they represent its health or disorder. If the stomach or its juices are out of tone, the blood is fermented by a change in the alkaline or acid condition and these reach the mouth both directly and indirectly.

"The taste buds are in the tongue and are mounted by hairlike projections called papillae; they cover the surface of the tongue."

"When you taste these buds rise up and absorb the liquid; inform the nerves; the nerves tell the stomach and the food is acceptable or not, just as the stomach feels."

The above remarks on taste comes from an eminent authority and simply explains why when one smells cooking or sees food one thinks he can eat, but when he tastes he learns the stomach is out of business.

To the person who cannot taste aright, who relishes no food and simply forces himself to eat, Stuart's Dyspepsia Tablets hold the secret of enjoyable eating, perfect digestion and renewed general health.

Most men wait until their stomachs are completely skinned before they think seriously of assisting nature.

When your taste for food is lost it is a certain sign the stomach needs attention. Stuart's Dyspepsia Tablets cure such stomachs. They restore sweetness of breath, renew gastric juices, enrich the blood and give the stomach the strength and rest necessary to general duty.

Forty thousand physicians use Stuart's Dyspepsia Tablets and every druggist carries them in stock; price 50c per box. Send us your name and address and we will send you a trial package free by mail. Address P. A. Stuart Co., 150 Stuart Bldg., Marshall Mich.

moved at a smart jog trot, looking straight to the front and seemingly unaware of the fact that he was the cause of much conjecture. The mystery scented by the others was caused by the peculiar movements of his hands. His arms were outstretched, and his two hands revolved round each other like the hands of a fisherman hauling in a line. And the inquisitive ones in the rear were unable to explain this movement. It was not a dignified exercise for a fat man in evening dress, and their curiosity was justified.

At thirty-second street a policeman dozing on the opposite side of the road, straightened himself as he saw the hurrying group coming towards him. Swinging his night stick he crossed over and waited the approach of the little procession. He was in charge of that neighborhood, and there should be an explanation.

The fat man passed the officer at a gallop. His hands were moving faster and faster, and the tails of his coat were sticking out like little black wings in his rear. The law was a trifle astonished. As he stood looking after the leader of the hurrying squad, he was jostled by the inquisitive ones following, and he became annoyed.

"Sprint a Little, or We May Be Too Late."

He grabbed a straw-hatted youth by the shoulder and questioned him. "What's the matter?" he cried. "Search me," answered the questioned one. "Let me go; I want to see what the o. g. guy is up to."

The policeman lost his temper. He was being treated with disrespect. A festive citizen was running a fool procession over his head without giving him the least explanation! So he let go of the youth's shoulder and dashed madly after the man in evening dress.

"Here, what's the game?" he panted. "What sort of a stunt are you up to, anyhow?"

The fat man shook off the grip of the law and ran faster than ever, his
